

An interactive and Career Guidance Session-

By Mr. Shubham Bhokresir (Alumni passed out in 2017)

ETAS (Electronics and Telecommunication Association of Students) had arranged an interactive and career guidance session in ET10 Classroom of Electronics and Telecommunication department on 16th November at 12.30pm. Chief guest and speaker in this session was our alumni **Mr. SHUBHAM BHOKRE** Sir (passed out in 2017), he is currently working in **GERMANY** for Volkswagen Company, under R&D department, sir has a working experience of 5-6 years.

Sir guided us about importance of selection of field of career development which focused on a simple thing that everyone should have some Aim and clear thinking about the field in which they want to build career in. Other than this he mentioned the importance of product based engineering and product based marketing.

There was huge response from all the students present there they interacted well with sir during the entire session by asking various relevant question and sir tried to give satisfactory answers to all questions.

The session was arranged for second year, year and fourth year students and was well anchored by Rohit keole (final year student). At the time of conclusion Shubham sir proposed the gratitude towards Head of Department Dr. P.R. Deshmukh sir, Radhika Harne ma'am (ETAS Faculty In-charge), 4th year convenor Sarthak Khandagale, 3rd year convenors Saurabh Patil and Prachi Katariya, 2nd year convenors Sakshi Sinha & Mihir Jaiswal and the students present over there.

Below are some moments of session captured by photography committee of ETAS.
