From the Desk of Principal

Dr. A. M. Mahalle

First of all, I would like to Congratulate all the Faculties and the Students for the Launch of the Most Awaited Magazine of the ETAS- The Chronicle. The efforts that the Faculties and the students have put together are really Commendable. It gives me immense pleasure to be invited for the Inaugural of the Magazine- Chronicle. I wish all the Best to the whole Department of Electronics for their Future Endeavours. Such type of Extra-Curricular activities should be encouraged among the students. This will not only boost up the Confidence of Students but also will help them in their Overall Personality Development. Once again, I wish All the Very Best to each and everyone who is involved in this Great Initiative.

Thank You!

From Head of Department's Desk

Creating an interesting, informative, and easy-to-read magazine article is something that every publication needs to know, regardless of their specific themes and topics. Usually, a magazine article can discuss trending topics and themes, or more specific ones such as geography, cuisine, fashion, music, and other fields of interest. Nonetheless, all of these magazine articles need to abide by the principle of writing the latest events in order to make the readers interested in the recent events. Furthermore, a magazine article sometimes needs to include interviews with the interviewees to get the most accurate information.

Dr. P. R. Deshmukh

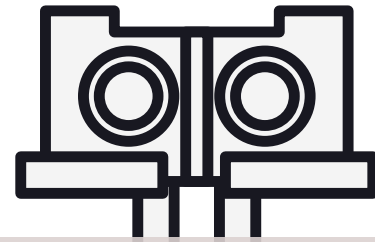

From ETAS Faculty Incharge

Usually, a magazine article can discuss trending topics and themes, or more specific ones such as geography, cuisine, fashion, music, and other fields in interest. Nonetheless, all of these magazine articles need to abide by the principle of writing the latest events in order to make the readers interested with the recent events. Furthermore, a magazine article sometimes needs to include interviews with the interviewees to get the most accurate information.

Prof. Radhika Harne

A TREK WITH ROBO TECH

Aniket Yenpreddiwar

4th year

Electronics and Telecommunication

Q1) How do you know about Robocon?

Ans. The Robo-Tech forum is running from the year 2014 in our college and it was initially founded for this specific competition only, since then it is the main motive of our club to participate in The ROBOCON competition every year.

Q2) How many team members are there with you?

Ans. Our Over all team cum RTF Family is quite large which includes all the RTF members right from the year of foundation 2013. Talking about this year we have the strength of about more than 30 members from all the years and all the branches of our college.

Q3) How many days you required to make the bot?

Ans. It took a span of 7 months to build the robots from scratch i.e. we were working on the theme since November 2021 the initial months was used to designed the bots Mechanically and we also had a discontinuity in middle of December for a month due to lockdown against the Omicron Virus. The electronics part of the bots was started from mid February to April (Submission of round-2) and being the autonomous bots the electronics part always have the room for improvement till the latest date.

Q4) How was your experience as representing our college?

Ans. It feels a great pleasure to represent the college at such a grand stage of DD ROBOCON NATIONALS, although we didn't bring that much fame and name to the college that we were expecting but just hoping for the upcoming members good potential to make our dream come true in the upcoming years.

Q5) In which ways college helped you?

Ans. College helped us in the every possible ways it could help us, they provided us the components that were required. When we were in need of big workspace due to the arena size they provide us much more bigger workspace than last one by allotting the separate another room for RTF. not only the Faculty Head Dr. R.B.Sharma but our principle Dr. A.M.Mahalle and every College staff we counter with specially all the Security Guards were very helpful and supporting in all means. I would like to give a piece of gratitude to all of them on behalf of my whole team.

Q6) How was your experience during the whole journey ?

Ans. It was really great experience we have learned many new things throughout the journey. Though the end was not that perfect but with the positive spirit we are aiming to improve in the coming years gradually & come back much more stronger each time.

Q7) What were the challenges faced by you?

Ans. Starting from when the Game Theme and the Rules were announced by the ROBOCON i.e. on 30th September 2021 which was the red alert time of the lockdown in the country we managed to discuss and decide the mechanisms of the bots using the online platform of Google Meet, although it was quite exhausting to sit the almost the whole day and the day over day discussing about the theme. There was a shining ray in the darkness and some members were permitted to come to college and work in November, then the blast of Omicron again took us back to our homes. We finally started to work consistently from the January 2022. There were many more challenges which were faced by us being the student as the schedule of the examinations were clashing with the submission dates of the competition, but we managed to tackle all the problems which blocked our way to move forward. I would like to wind up the answer for this question by saying " This all doesn't count even a penny after having the Golden experience at DD ROBOCON NATIONALS, Delhi. "

MAGAZINE INAUGURATION

ETAS

On this day, ETAS reached its new milestone. It successfully launched its own magazine, 'ETAS Magazine'. This occasion took place in ET-10 at 1pm. The chief guests were Honourable Principal Dr A.M Mahalle, Head of the department Dr P. R Deshmukh, founder of ETAS Dr D.V. Rojatkar, Etas faculty in charge Prof. Radhika Harne, along with other faculty members Prof. A. M Shah , Prof. Neha Pardesi, Dr Shubhada S. Thakare, Prof. Shweta Meshram.

The program started with the warm welcome of all the chief guests. It was hosted by Rohit Keole (3rd year Extc). He educated the audience with the journey of ETAS; how it started, its ups and downs, and its successful comeback.

The magazine was inaugurated by the Principal and the Head of the department with the presence of other guests and students, which was much anticipated moment for everyone. The magazine was displayed on digital board for the students to take the first look at it. It was followed by disquisition by the chief guests, starting with the principal, then, the ETAS founder, DVR, who was both emotional and proud on ETAS ,reaching new heights, which made it more heart touching.

This entire program was viable due to countless efforts of ETAS faculty incharge Prof. Radhika Harne and the Magazine committee (Gaurang Deshpande (Convenor) ; Sarthak Khandagale (Convenor 3rd year); Prathamesh Bhonkhade; Radhika Bakare; Abhishek Patwardhan; (Pranav Thakare).

Interactive SESSION

**BY ANUJ TELKHADE
(Alumni 2022)**

ETAS (Electronics and Telecommunication Association of Students) had arranged a interaction session in Classroom-10 of the Electronics and Telecommunication Department on 3rd June 2022 at 2pm. In this session our respected senior **ANUJ TELKHADE** Sir guided us about the placement, How to develop resumes effectively and much more. This workshop was arranged especially for the first, second year, third year students, to guide them for the upcoming events like placements, interviews and company environment.

There was a huge response from all the three years, they interacted with Anuj Sir during the entire session by asking various questions related to topic.

On behalf of entire first and second year a second year student Anushka Gupta ask the questions/queries of students to Sir and he gave proper guidance regarding our queries.

At the time of conclusion Anuj Sir proposed the gratitude towards Head of Department Dr. P. R. Deshmukh Sir and Radhika R. Harne ma'am (ETAS Faculty In-charge), 4th year ETAS Convenor Sarthak L. Khandagale, 2nd year convenor Saurabh Patil, 1st year convenor Mihir Jaiswal, and the students present over there for their support.

Below are some Moments of session that had been captured at that time by ETAS Social Media Committee member Prathamesh Bhonkhade from Extc 3 rd year.

Ways to live a successful life

- Prajwal Gulhane
1st Year E&TC

In today's world with full of competition stress and anxiety , everyone is trying to achieve something in their lives. For that , they are giving their best but most of them are getting failed due to some reasons. It may contain waste of time, spending more time on social media, improper way of thinking, etc. due to this, the self confidence of most of the people reduces and it results into shyness and fear of the challenges of life.

To lead a successful life there are some simple mantras that one should follow. It goes like first and foremost thing is time, time is money, so don't waste time in any of the time consuming work, just focus on what you're doing. Second thing, don't think about the past , just keep moving forward, the past will not come again, your present matters the most. Do your work honestly and give your 100% in it so that you won't feel guilt of doing something better than what you did. And the last but the most important thing believe in yourself and your work. Be satisfied with what you're doing and love your work, don't compare it with others .

By doing these simple things , one can surely live a successful life. In fact, life is not easy for everyone, there are many ups and downs in the journey of life. Someone finds the simple problems very complex and vice versa. Life is totally different for everyone on the factor of perspective of the experiences in the life.

Criss Jami has rightly said that,

“Find a purpose to serve , not a lifestyle to live”,

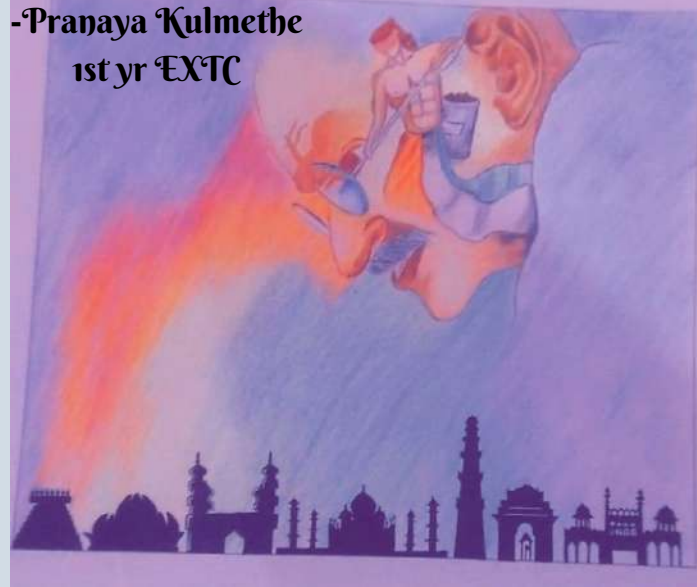

which means that don't just pretend to live , find your purpose in life. On the other hand , what success actually means , it has different meanings for everyone ,to some, success means earning a lot of money, to others , it may be overcoming a fear and so on , but it is simply achieving happiness in life and achieving anything needs great efforts , nothing is free in this world. Success is directly proportional to hard work. The harder one works towards his or her goals the easier it is to achieve success.

Hard work doesn't mean to do laborious work or work that will make you sweat. Hard work means not only working on your goals but also being optimistic towards life and believing in yourself that even if the journey is difficult it can be achieved. Everyone should keep in mind that the road to success is not easy and it's difficult but it's not impossible. People achieve success in life not because of their good luck alone. They achieve success because they are brave enough to remove obstacles with courage. real success is all about the feeling of satisfaction we get when we accomplish a task or do something, it is the happiness we get just by remembering what we have achieved and how we did it. Being unsuccessful is the first opportunity of being successful in life.

PEN THE PATRIOTISM

A story writing competition arranged on the occasion of 75 years of Independence

Mission was aborted, But Vision was Accomplished!

- Sayali Paunikar (Final Year &XTG)

A story of brave young man who was determined to protect Country's Independence, who's acts of bravery had encouraged people and Seena's of the Country, who's Patriotism was beyond the acts of sacrifices. Akhil Singh Rawat, Lieutenant-General Indian Army was all set to debut his first ever mission as Lieutenant. It was his Vision to serve country India and protect its Integrity and Independence at any cost. And there he was all set to make his dream come true. Akhil was assigned a mission by his Senior Official Mr. Rajwardhan Randhawa to stop and countertops the attack of some foreign invaders who were trying to induce into the Indian border thereby disturbing thereby disturbing the peace of the people living on the border areas of the India. Akhil was always known for his Strategic Planning and execution of the Mission and that's the reason why Mr. Randhawa has assigned him this much important Mission at the very beginning of his Army Carrier. Of course, he had been onto other Missions and proved his caliber with those missions, this was the first mission which he was leading. As per this Protocols, Akhil started to plan the mission and its minute details all in advance and there he goes, the next day he was ready with his Strategic plan. Well, having an All-alone plan doesn't help at all if it is not accompanied by the efforts of your talented Team. So, Akhil held a meeting with all his subordinates to explain the Strategic Plan to all of others. He had divided all the mission in 3 parts.

He 3 parts of his mission were:

1. Before the Attack- A
2. During the Attack- B
3. After the Attack- C

All of these parts consisted of the mini tasks which he had assigned among his subordinates. Part A consisted of Invading into the territories of the enemy and try to hide into the area so that no one could notice anything and further mission could be carried out successfully. Part B consisted of Attacking the territory and at the same time protecting Indian citizens from the dreadful counter attacks of the enemy. And part C consisted of returning of all the soldiers into the Indian Border that too escaping un-hurted in the Counter Attack. Now this was a big risk to escape unhurt in the Counter Attack. But as per the policy of "The Akhil Singh Rawat"- Nothing is Impossible if you're ready to Face it.

He explained all these 3 cases to everyone in a Confidential meeting which was headed by his Senior Official Mr. Randhawa. He was quite impressed with this plan of Akhil's and promised him the Promotion after the successful completion of the Mission. However, Akhil felt weird. But he thought never mind my first and foremost mission is to make this mission a Resounding Success.

Everyone embarked on this Mission at 4am in the Morning. Lieutenant General Akhil was instructing everyone. Upon his instructions Part A and first half of the Plan B was executed successfully. However, as they were attacking on the Enemy, after 20 minutes Akhil received a message from his Official saying **"ABORT THE MISSION IMMIDIATELY"**.

He was beyond shocked but was left with no other choice rather than to abort the Mission in the Midway. Though he had aborted the mission he was satisfied that he destroyed all the camps of the enemies on the Border Area of the Country. But one more thing was remaining that was to take all the soldiers uninjured back to India. Now this was a Big Task.

By the time everyone got the message, mission was already on and now it was quite difficult to escape unhurt from the Mission as the Counter part was alerted. Some of the soldiers were stuck in between the attacks and as per Akhil's Policy he wanted everyone to land safely so he decided to Rescue the soldiers who were stuck and while doing so unfortunately the bomb of the counterpart hit him and he was badly injured. His subordinated took him to the chopper and get him into the Hospital immediately.

Everyone was praying for him. But after surgery Doctor said that he will not be able to stand again on his feet. Chances are very low that he could stand again and lead the Mission like this again. Akhil was shocked. He closed himself in a room and didn't come out for 4 days. He was hurtled that he will not be able to serve his Country India further. After so much efforts of his mother and Father he opened the door. His father asked him what's your purpose of Life? Upon this Akhil replied "Does it even matters dad? I have lost my Leg, how on the Earth will I be able to serve this country again?" His father told him that as long as your Intentions are pure, you'll get a way out of it no matter how tough the situation is!!! This thought got stuck in Akhil's mind. He was researching about how could help and serve his own country. And after few days came with a Brilliant Idea. He decided that he would help the youths of India to prepare for the army's Exams and get into the Indian Army.

Soon he started his Academy where he not only taught the subjects but also demonstrate what things need to be done for the Army. One fine day on Sunday evening, he got a call from Mr. Randhawa, his Senior Official who was enquiring about his health then but soon came on the point. Randhawa said "I have heard that you train the Youths of India to join the Indian Army. It's a great thing. Well, what must be your source of Income now? Pension and little bit what you earn from this...Right??" Akhil didn't understand what was going on so he asked directly what do you want me to do sir? Upon his Randhawa said that's not a big deal, you just have to help me to lower the trouble of the Foreign Invaders and give your Strategically Planned youths to the New Mission wherein we would help Foreign Invaders and in return they would help us. Akhil was shocked to hear this. You would get 5 crores for this so little amount of work said Randhawa. Akhil's father was overhearing the conversation but said nothing.

Randhawa gave some time to Akhil to think about this. After they had gone, Akhil's father asked him so son what have you decided? What's there to decide Dad, I'm not doing this. How on the Earth we can betray our own country for our own benefit?? This is ridiculous. This needs to get exposed. Akhil decided that he would expose Randhawa and his subordinates who are involved in this scam. Akhil called Randhawa to discuss something about the Mission and that he said that he's ready to lead the Mission.

While both of them were discussing Akhil asked his father to call Police Officials and Indian Army Leads. Soon the officials overheard the conversation of Randhawa and his plan to betray India and took him into custody. Akhil could have been able to accept the Offer of 5 crores very easily but he decided to stay Loyal to his Country. He not only didn't do anything wrong but also prevented the scam from happening and Exposed Randhawa. This is what true patriotism looks like. One should learn from Mr. Akhil Singh Rawat and his indispensable love for his Country India.

Lokmanya's Classroom

- Pranjali Karemore (1st year E&TC)

In the 1856, a fighter was born in Ratnagiri. The child was named Bal Gangadhar Tilak. Here is a story of this bright student. His father was a Sanskrit scholar. One day the teacher was engaged in teaching Arithmetic in the class. That time, he asked a problem which was to be solved orally. He asked, "If 5 goats took 28 days to finish eating the grass in a meadow, then how many goats would finish it in 20 days? Immediately there was an answer "Seven goats" Teacher asked whether Tilak has solved the problem. His sharp memory was proved. Once, teacher entered class after lunch interval & found groundnut shells scattered in classroom. He asked the students "Who has thrown these ground nuts shells like this?" There was a silence in classroom. This angered teacher & he lost his temper. He decided to punish the whole class. He began to hit each boy twice with his cane. When Tilak's turn came, he did not hold out his hand. He said "I did not eat them. So I will not receive punishment." When teacher asked "Then who ate." Tilak replied "It is bad to tell tales. So, I won't." This annoyed the teacher & he complained this to his father. Next day, Tilak's father came and took his son's side by saying he said truth.

Lokmanya upright nature is evident through this incident. It is due to his fearless & the truthful nature, he could make invaluable contributions to our nation. That's why, he could stand before us and promise:

' स्वराज्य माझा जन्मसिद्ध अधिकार आहे, आणि तो मी मिळवणारच।'

मी मराठी

लावण्य मराठीचे
सागराहूनही मोठे
दिसणार नाही कोठे
वात्सल्य मराठीचे

विभिन्न धर्माचा मेळ
ही परंपरा आमची
शिव सूर्य उगवते ती
भूमी मराठ्यांची

स्वागत येथे तुमचे
गाऊन पोवाड्यांनी
माणसात माणुसकी
जागविली मराठ्यांनी

संतांची भूमी ही
कर्णाची भूमी ही
सिंहापुढे चालणाऱ्या
मराठ्यांची भूमी ही

कष्टातूनी पुढे
जाणाऱ्या हिमतींची
अनोखी कथाही
लिहिली मराठ्यांची

स्वराज्य धर्म हा
सांगितला जिजाऊंनी
लिहिला इतिहास सुवर्णाक्षरात

अश्या वीर मराठ्यांनी
अश्या वीर मराठ्यांनी

भारत जैसी आजादी !!

जो मन चाहे वो करते हो
जो मन चाहे वो पहनते हो
जो दिल चाहे वो बोलते हो
सब कुछ अपने मन की करते हो

ऐसा सब कुछ एक साथ में और कहा तुम पाओगे....
भारत जैसी आजादी तुम और कही न पाओगे !

बेखौफ होकर जब तुम pm को गाली देते हो,
आजादी को झुटल कर, अपने मन की करते हो,
जाकर देखो नॉर्थ कोरिया, तुमको पता चल जाएगा,
आजादी का असली मतलब तब तुमको समझ में आएगा !

वहा चाहा कर भी अपने मन की, तुम बाल तक काटा न पाओगे ..
की अपने मन की कुछ भी तो मौत के घर तुम आओगे ..

आजादी का असली मतलब तब तुमको समझ में आएगा
भारत जैसी आजादी का.. मोल तुमको दिखलाएगा!
कश्मीर के उन नौजवानों से बात ये मैं कहना चाहती हूँ..
कुछ पथहरबाजों के वजह से आतंकी कहलाओगे और

फौज तुम्हारा साथ न दे..
तो सब मारे तुम जाओगे !!

भीड़ भारी इस दुनिया में जब खुद को अकेला पाओगे..
तब भी अपने "भारत" को अपने ही साथ खड़ा तुम पाओगे !
भारत के कुछ लोग बताओ .. ऐसा तुम क्यों करते हो
"जन गण मन" पे मुह को बना .. foreign ऐन्थम पे मरते हो

मन तुम्हारा मैला तो भारत को समझ न पाओगे..
क्युकी भारत जैसी आजादी तुम और कही न पाओगे !!
और कही न पाओगे!!

आज सकाळीच घरी जाण्यासाठी रेल्वे ने निघालो. एरवी मला रेल्वेचा प्रवास खूप आवडतो, मस्त खिडकी जवळ बसाव निसर्गाचा आनंद घ्यावा आणि महत्त्वाचं म्हणजे लवकर संपणारा प्रवास.. परंतु आज जरा जीवावरच आला, अरे किती ती गर्दी उभं राहून यावं लागलं मला. मनमाड ते चाळीसगाव फक्त एक तासाचं अंतर परंतु त्यातही कंटाळलो. तोच एक चिमुकली आणि तिची आई येताना दिसली, त्या मुलीचं वय असेल ७ ते ८ वर्ष आणि आईचं असेल ३०-३५ वर्ष. ती मुलगी ए मेरे वतन के लोगो हे गाणं खूप खूप मधुर आवाजात गात होती आणि तिची आई डपली वाजवत होती. मी तिच्या आईच्या कपाळाकळे बगितला तर कपाळावर टिकली नाही सौभाग्याचं अलंकार असलेला कुंकू तिच्या भांगेत मला दिसला नाही, स्त्रीचा दागिना ज्याला मानतात ते मंगळसूत्र गळ्यात नाही मग कळलं की ही स्त्री विधवा आहे. अरे काय दुर्दैव असेल त्या स्त्रीच एवढ्या कमी वयात आपल्या जीवनसोबतीला तिने गमवला. काय अपराध असेल त्या चिमुकलीचा तिने आपला पिता गमवला. त्या इवल्याश्या जीवाने किती स्वप्न बगितले असतील की मी शाळेत जाईल, शिक्षण घेईल, सगळ्यांसोबत धमाल करेल, शाळा सुटल्यावर घरी येऊन आईला सांगेल मी शाळेत काय काय शिकली किती मजा केली पण, पण परिस्थिती, परिस्थिती सारखा अनिष्ट कोणीच नाही हो, परिस्थिती माणसाला सगळे स्वप्न विसरायला लावते, ज्या मुलीचं शिक्षणाचं वय आहे तिला एक रेल्वे झाली का दुसरीत गाणं म्हणून उदरनिर्वाह करण्यासाठी भटकाव लागत आहे.. काय करेल ती विधवा आई तिला अस वाटणार आहे का की तिच्या मुलीने असाच गणे म्हणून जे भेटेल त्यात दिवस काढावे, तिची पण इच्छा असेल तिच्या मुलीने शिकावं, चांगल्या घरात ती सून म्हणून जावं एव्हाना ती स्वतः पण जेव्हा इतर स्त्रियांना बागत असेल तेव्हा तिला पण वाटत असेल ना की मीही अशे दागिने घालवे चांगली साडी घालावी परंतु, परंतु शेवट सगळ्या स्वप्नांचा धुरळा करते ती परिस्थिती..

" नाते विश्वासाचे "

- Yashashri Hadke (2nd yr)

असावा मायेचा ओलावा
बोलण्यात थोडा गोडवा
जपावे एकमेकांशी सदैव
नाते विश्वासाचे
नको फक्त स्वार्थ
जगण्याला हवा थोडा तरी अर्थ
माणूस म्हणून जपावे सदैव
नाते विश्वासाचे
दूर होवोत हे भेदभाव
आपुलकीचा असावा प्रभाव
प्रत्येकाशी असावे सदैव
नाते विश्वासाचे
मित्रांमधील निःस्वार्थ नाते
विश्वासाने अजून फुलते
म्हणुनच टिकवावे सदैव
हे नाते विश्वासाचे
एकमेकांना समजून घेताना
आपण स्वतःलाही समजावत असतो
इतरांना जाणून घेताना जे जपतो
ते खरे नाते विश्वासाचे

हाँ!हाँ! सब ठीक है! (घर से दूर)

हाँ मम्मी सब ठीक है! मेरी हेल्थ भी ठीक है॥
हाँ हाँ!!मम्मा यहाँ का खाना भी आछ हैं
नहीं नहीं!! पापा अभी पैसे हैं कोई जरूरत नहीं भेजने की।
सब ठीक हैं पापा कोई टेंशन नहीं है ॥
हाँ भईया स्टडीस भी अच्छे चल रहे हैं ॥

यह सब लाइंस तो आपको पता ही होंगी। चलो कुछ को छोड़ कर ज्यादातर को तो पता ही होगी ।
यही कुछ लाइंस के कारण ही हमारा परिवार हमसे दूर वहाँ शांति से उनकी लाइफ गुजार रहा हैं।

अब कैसे बताऊँ मैं अपने ममी को की "आज मेस का खाना आछ नहीं था , आज सिर्फ पानी पानी था,
तो मैंने सिर्फ दाल-चावल ही खाया और अब रूम पर आके सिर्फ चिवडा खाया!" ताकी यह सुन कर वो मेरी चिंता में लग जाए

और उनकी तबैत पर असर पड़े।
पापा का तो काम है यह कहना की "पैसों की चिंता मत कर मैं हूँ यहा॥
पर मुझे तो सोचना पड़ेगा न आखिर हूँ तो मैं एक मिडल क्लास फॅमिली से ही !
जहां पापा दिन रात मेहनत कर पैसे कमा कर मुझे पढ़ा रहे हैं |

आसान नहीं होता घर छोड़ कर दूसरे शहर जाना और एक छोटे से रूम को ही अपना घर बना लेना ।

और बस उन्ही चार दीवारों में सालों निकाल देना!

घर से निकलते समय केवल सामान की बॅग ही नहीं थी, उनके साथ उम्मीद और ज़िममेदारियों की गठरी भी थी।

आज भी याद है मुझे मम्मी का वो चेहरा जो मुझ से कह रहा था की

"मत जा मुझ से दूर" और तब पापा ने बोला की "अब जा रहे हो तो लायक बन कर ही लौटना.." और

ऐसा लग रहा था की भाई कहना चाहता हो की "अब पिज्जा के ज्यादा हिस्से के लिए मुझसे कोन लड़ेगा.."

और ढेरों भावनाएँ जिनके अलग अलग रंग थे और आखिर सब यही कह रहे थे की "तू अपने लिए नहीं,अपनों के लिए जा रहा है!"

क्यूंकि जब मेरी जाँब लगेगी न तो सबसे ज्यादा मेरी मम्मी ही खुश होगी और उनके चेहरे की मुस्कान कोई नहीं छिन पाएगा।

और सबसे ज्यादा डांस मेरा भाई ही करेगा!!

जब तू किसी मुकाम पर पोहचएगा तो सबसे ज्यादा खुशी इन ही चेहरों पे होंगी जिन्हे आज तू छोड़ कर जा रहा हैं ..

बोहोत मुश्किल होता है अपने ही घर में मेहमान की तरह रहना और मम्मी को आपसे बोहोत सारी बातें करने के लिए तरसता देखना।

पापा बोल तो देते हैं .. और,आ गया!!...पर जो मुस्कान उनके चेहरे पर रहती है वो तो कहना चाहती है की " जल्दी नहीं या सकता था तू?!"

ऐसे हालत में जब इतने लोग आपसे उम्मीद लगा कर बैठे है,

तो मैं किस मुंह से यह बोल दु की "मम्मी आपके बनाए खाने की बोहोत याद आती है, नहीं मम्मी आज सिर्फ बिस्किट्स खा कर ही सोना पड़ा"

या ये कैसे कह दु की " हाँ! पापा भेज दो पैसे मुझे घूमने जाना है,मुझे पार्टी करना जाना है .."

आप ही बताओ कैसे बोल दु में ?!..

और ऐसी ज़िंदगी को आसान बनाने के लिए आपको मिलते है कुछ अनजान लोग इस सफर में जिन्हे आप दोस्त कहते हो..

यहा आपका भाई नहीं होता पर फ्रेंड्स के रूप में वो यार , भाई से कम भी नहीं होते है..

कुछ होते है जो सिर्फ आपको हसाने के लिए हमेशा रहते है, ताकि आप कभी अपने घर को याद कर दुखी न हो..

और कोई होता है जो आपको अपने मम्मी-पापा के तरह ये एहसास दिलाए की,तेरी गलती में भी तेरे साथ है,और तेरे मस्ती में भी,

बस में तेरे साथ हु हमेशा..

और जब यह सब हो तो लाइफ में 'लाइफ' आ जाती है!!

और फिर सवाल आता है की "मैं क्यूं वीक पडू और अपनी और अपनी फॅमिली की इच्छा पूरा न करू?..

मैं तो हर हालत में, जरूर सब ठीक करूंगा !!!

ACHIVEMENTS

Rohit Keole
Final Year

Youth festival is an inter college cultural festival organized every year by SANT GADGE BABA AMRAVATI UNIVERSITY, AMRAVATI at university level to give the students an opportunity to showcase their talents. This year, it was organized from 22nd April to 25th April 2022. The festival included different events including folk dance, classical dance, drama, skit, mime, western singing, classical singing, quiz, debate, mimicry, etc.

Rohit Keole bagged second prize in western instrumental (solo). This four-day long youth festival was a learning experience for the students of the institute. They got benefitted on many fronts of personality development. It was indeed a very successful, joyful and learning experience in the end.

THE ROBO-TECH FORUM

The main Motive of this club is to participate in DD-ROBOCON Competition every year. This year the Organising country for the international Competition of ROBOCON 2022 is India with the Game theme of Lagori.

The club is Mentored and Guided by the its Faculty Advisor Dr. R.B.Sharma and managed by its Student Co-ordinator Gaurav Vishrojwar.

For the purpose they have created two Semi-autonomous Bots, mechanically it is manufactured by Amit Kendre, Niraj Thakre and Muskaan Jaiswal and Electronically controlled by Aniket Yenpreddiwar, Srishti Golchha and Mayur Kandalkar, with support of team leader Nikesh Mankar and under the guidance of Vaibhav Shende. The Team Robo-Tech Forum has represented our college in the National Competition of DD ROBOCON held at Tyagraj Stadium, Delhi (13 - 19 July 2022) in which they competed against two colleges - Shree Guru Govind Singh, Nanded and Dwarkadas Jivanlal Sangvi College of Engineering, Mumbai. Team RTF won the league match against DJ Sangvi with score of 30 points.

Career Guidance in Electronics

An enlightening session of career guidance by respected **HOD of ExTC department, Dr. P. R. Deshmukh Sir** was conducted by ETAS on **29th July 2022**. The session began with heartfelt welcome of Deshmukh Sir by R. Harne ma'am. Afterwards, the 2nd year co-convenor of ETAS, Sukhada Mohod welcomed Harne ma'am. Saurabh Patil translated the motive of the session in brief and requested the HOD Sir to share his valuable words of wisdom. HOD Sir warmly greeted everyone and highlighted the importance of learning. He exaggerated on the need of basics. "Clarity of basic concepts helps you excel in any career you choose.", he emphasized. Later he explained the reach of aptitude test, he explained how aptitude can outstand technical skills. He addressed students for having a clear vision and choosing the right career path for themselves and be determined to that. He also bared the advantages of core electronics job. He answered the queries of the students and also shared his personal experience as a student and as a faculty. He shared stories of few of his students as to elaborate some of his points. The session ended with the satisfaction of students. 2nd year ETAS convenor Saurabh thanked HOD Sir for his much-valued time and concluded the session.

DEPARTMENTAL DANCE AND DRAMA

CIRCUIT MANIA

ETAS (Electronics and Telecommunication Association of Students) had arranged a minor project exhibition "CIRCUIT MANIA" in Class Room-10 of the Electronics and Telecommunication Department on 07 June 2022. In this exhibition 3rd year students prepared, explained and displayed their minor projects. This exhibition was arranged for the first, second year students, for them to get knowledge about how the projects are built and executed. There was a huge response from all the three years, 1st and 2nd year students interacted with the 3rd year seniors about how they made the projects and what were the requirements for the completion of the projects during the exhibition by asking various questions related to projects. Towards the end of the program the winners were announced. At the time of conclusion Anuj Sir proposed the gratitude towards Head of Department Dr. P. R. Deshmukh Sir and Radhika R. Harne ma'am (ETAS Faculty In-charge), 3rd year ETAS Convenor Sarthak L. Khandagale and the students present over there for their support. Below are some moments of session that had been captured at that time by ETAS Social Media Committee member Prathamesh Bhonkhade from Extc 3rd year.
