

Government College of Engineering, Amravati

Department of Electronics and Telecommunications Engineering

Webinar hosted by 'Institute of Engineers/ISTE Student Chapter' on:

'HOW CAN YOU SHAPE CAREER JOURNEY?'

by: Dr. Prashant R. Deshmukh (HoD ENTC)

REPORT

14th February 2022

A webinar on the topic 'How can you shape your career journey?' was conducted by Electronics and Telecommunications Engineering department under 'Institute of Engineer's(IE)/ISTE Student Chapter of Government College of Engineering, Amravati on 14th of February 2022. The speaker for the webinar was Dr. Prashant R. Deshmukh, Head of the Department ENTC.

The webinar was scheduled at 9:00 am. Deshmukh Sir commenced the webinar with an introduction regarding the various pathways one student can choose after Engineering. It was followed by the details regarding the number of exams like GATE, CAT, PSUs, IES, etc. Moving further, Sir shared information regarding the technical languages, aptitude knowledge and other skills one need to acquire for the recruitment process during campus placement drive. Prashant Sir also guided students on how grooming personality and communication skills becomes an important factor when it comes to excelling in one's career. He also explained students regarding the importance of good command over English language for being a cut above in various competitive exams that include it.

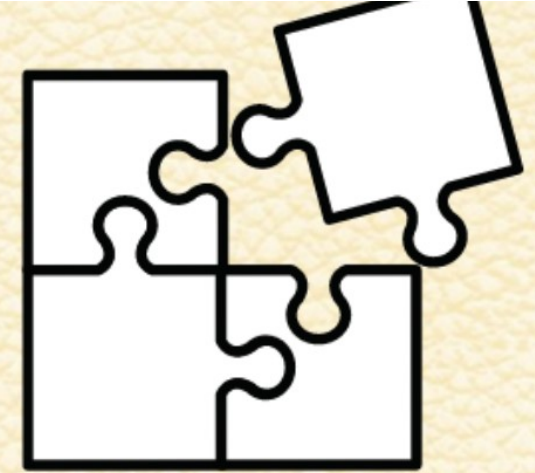

Students were highly motivated throughout the webinar by him and they were encouraged to explore the innumerable options for outshining in their career journeys. The queries stated by students were solved by Deshmukh Sir. The session was conducted on Webex Meeting Platform. Students got acknowledged with significant information and a crisp knowledge through the webinar. It turned out to be great success.

Students from 2nd Year ENTC department showed active participation and took the complete benefit from it. The session received a stupendous response and it was conducted very proficiently.
