"Towards global technological excellence"

REPORT - Expert Talk by Mr. Rahul Sawant, Founder Q-App Pune

Topic : Start-Up - Beginning, Growth & Future.

Date : 29 Sept 2022, 3.00pm onwards

An event was conducted on 25 July, 2022 in Government College of Engineering, Amravati under Institution's Innovation Council GCOEA. Guest Mr. Rahul Sawant Sir. He is a Founder of Q UP App which is India's First Real Time Queuing Platform for Healthcare. Q UP is an Online Doctor Appointment Booking App And Doctors Best Clinic Or Healthcare App Making Company. Q UP helps doctor to make their own brand doctor's app to manage their clinic or hospital. Building your own healthcare app helps to carry out day-to-day activity like patient management, generate e-prescriptions, electronic medical record (EMR app) facility, video and audio online consultation with patient, etc. Q UP not only provides solution for doctor app but also provide a seamless appointment booking solution with doctor for patient.

Event was conducted online on WebEx platform and commenced by the welcome of our guest by Dr. R.M. Metkar Sir and Dr. S.A. Lohi Sir, Followed by the Introduction of our guest by miss. Vaidehi Ladhe from 4th Year Civil Engineering and miss. Shruti Deshmukh From 4th Year Information Technology Engineering. Rahul Sawant Sir holds MBA degree in Marketing & HR, Bachelor in Computer Science and MA in Political Science. Sir has a huge experience in working with companies like Biniyas IT, Religare, KARVY and Anand Rathi where sir was responsible for business expansion and branch. He worked for Team building and training , worked on product development and launch and also on revenue generation and growth hacking.

The Session was on Startup and Entrepreneurship where sir had prepared a presentation for the session and the sir started presentation where he explained about Startup, Stages of startup and Key elements of startup. Sir also explained about the different funding options and different funding stages for any startup. During the presentation sir was mainly focused on the startup mantras which are helpful for every entrepreneur and should be followed by every startup for successful growth. As failure is a part of any startup so sir also explained about that why 90% of startup fails. "Why students should startup" is an interesting topic covered by Rahul Sawant Sir. Sir also told all the attendees about different books and movies should should read and watch.

The whole session was very interactive where attendees asked their different questions and doubts to guest. All the answers and suggestions of sir was very informative and helpful for all attendees. The whole session was managed by team of IIC coordinators and event was a grand success which was concluded by beautiful vote of thanks by miss. Shruti Deshmukh.
